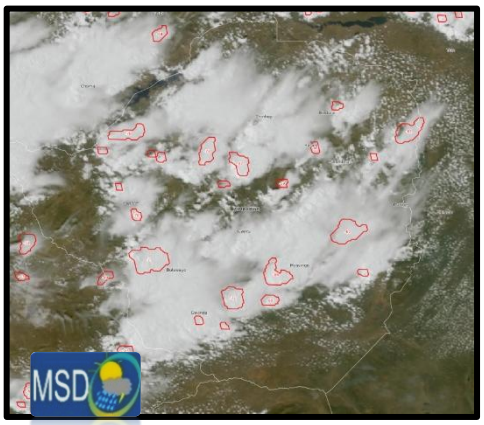
Weather Report & Forecast

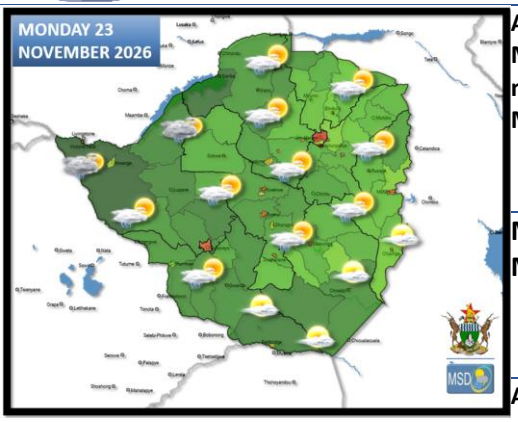
SATELLITE-BASED GLANCE INTO TODAY, SUNDAY 22 NOVEMBER 2026



Isolated thunderstorms were experienced over much of the country yesterday with the highest rainfall amount being received in Victoria Falls 12mm. The bulk of the country had rainfall amounts below 10mm.

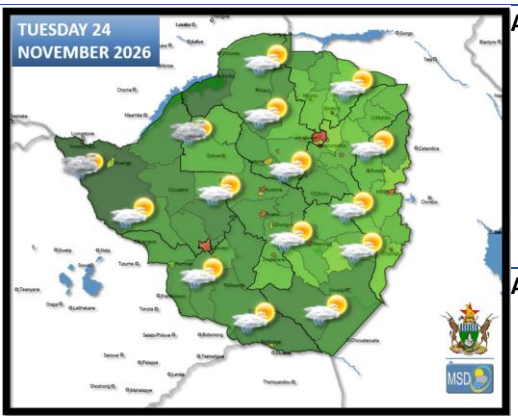
This morning, partly cloudy and mild conditions were experienced over much of the country. As the day progressed, an influx of moisture from the cloud band which has entered the country from the west resulted in scattered thunderstorms nationwide.

FORECAST FOR TOMORROW: MONDAY 23 NOVEMBER 2026



All Matabeleland, Bulawayo Metropolitan, Midlands, Harare Metropolitan, the northern parts of Manicaland, and all Mashonaland provinces:	Partly cloudy, windy and mild in the morning becoming mostly cloudy and warm in the afternoon with scattered thunderstorms. Occurrence of hailstorms and strong winds is highly likely during the afternoon and overnight.
Masvingo, and the southern parts of Manicaland provinces:	Partly cloudy and warm conditions are expected during the day, with mild conditions both in the morning and overnight. A chance of isolated thundershowers cannot be ruled out.
Actions to Take:	• **Carry a raincoat where possible.** • **Secure loose infrastructure.** • **When thunder roars it is best to be indoors.** • **Do not shelter under trees during thunderstorms.** • **Stay hydrated by drinking adequate amounts of water.**

WEATHER OUTLOOK: TUESDAY 24 NOVEMBER 2026



ALL AREAS:	Expect partly cloudy and mild conditions at first, becoming mostly cloudy and warm in the afternoon with scattered thunderstorms, strong winds and a possibility of hailstorms. Localized heavy rainfall is probable in Matabeleland North, Bulawayo Metropolitan, Midlands and Manicaland provinces. Cool conditions are expected overnight.
Actions to Take:	• **Carry a raincoat where possible.** • **Secure loose infrastructure.** • **When thunder roars it is best to be indoors.** • **Do not shelter under trees during thunderstorms.** • **Stay hydrated by drinking adequate amounts of water**
