Description:
Watch out for scattered thunderstorms, strong winds with localized downpours, and possible hailstorms : - Harare Metropolitan, Manicaland, Matabeleland North , and all Mashonaland provinces from Sunday 15 and Monday 16 November 2026 - Countrywide from Monday 16 November through Friday 20 November 2026.

Instruction:

Moisture currently prevailing over the northern and eastern parts of the country is expected to support the development of scattered thunderstorms across Manicaland, Matabeleland North, Harare Metropolitan Province and all Mashonaland Provinces on Sunday, 15 November, and Monday, 16 November 2026. These thunderstorms may be accompanied by hailstorms, locally heavy rainfall and strong winds in some areas. Furthermore, a cloud band is expected to enter the country from the west on Monday, 16 November 2026. This system is likely to enhance atmospheric instability and moisture convergence, resulting in increased thunderstorm activity across the country, potentially persisting through to Friday, 20 November 2026.The public is advised to remain alert to changing weather conditions and take appropriate precautionary measures, particularly in areas prone to flash flooding, lightning and strong winds. Daily weather updates and further advisories will be disseminated through the Department's official communication channels. Members of the public are strongly urged to follow safety guidance issued by the Department of Civil Protection.
