Weather Report & Forecast

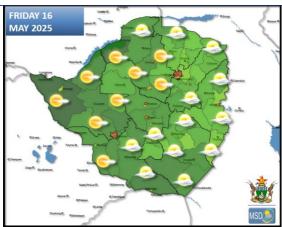

SATELLITE-BASED GLANCE INTO THIS MORNING, THURSDAY 15 MAY 2025

It was mostly cloudy and cool over much of the country, except in the northern parts of Manicaland, Mashonaland East and Central Provinces. This north-eastern corner was cold (below 10°C) with mostly clear morning skies. The clouds began to scatter leading to a warm afternoon. It became less cloudy and cool towards evening, as the atmosphere is becoming less moist towards Africa Day.

WEATHER FOR TOMORROW: FRIDAY 16 MAY 2025,

Manicaland, western parts of Masvingo and Mashonaland East Provinces. Partly cloudy and cool in the morning. Mostly sunny and warm by afternoon becoming cool toward evening.

Actions to Take:

- Be warm early morning and late evening.
- Prepare frost mitigation measures

Matabeleland North, Matabeleland South, Bulawayo Metropolitan, Midlands, Harare Metropolitan, Mashonaland West and Central Provinces

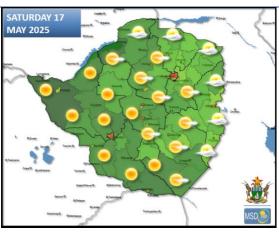

Actions to Take:

Most sunny and warm by day; cold in the morning and late evening, especially over higher ground, mild along the Zambezi Valley.

- Shield plants and livestock from the morning cold.
- Stay warm at night

WEATHER OUTLOOK FOR: SATURDAY 17 MAY 2025

Harare Metropolitan, Midlands, Matabeleland North, Bulawayo Metropolitan and all Mashonaland Provinces.

Sunny and warm by day, cool overnight.

Actions to Take:

The fluctuation of temperatures increases the risk of respiratory related illnesses such as colds and flues. Stay warm at night. For better advice on preventative methods, please consult your local health practitioner.

Manicaland and northern parts of Mashonaland East

Partly cloudy and cold at first becoming warm by afternoon.

Consult your local ARDAS (AGRITEX) Officer for advice on frost mitigation measures.
