

SATELLITE-BASED GLANCE INTO TODAY, SUNDAY 30 NOVEMBER 2025.

The presence of moisture over the country yesterday led to scattered thunderstorms, with hail reported in some areas, and produced heavy rainfall exceeding 50 mm across much of Manicaland Province. The highest rainfall amounts were recorded in **Chipinge (97 mm), Mutema (62 mm), and Bwerudza (42 mm)**. Notable rainfall amounts were also observed in **Matopos (41 mm), Mukandi (37 mm), Wedza (26 mm), and Mvurwi (21 mm)**, while the remainder of the country received less than 20 mm of precipitation. This morning, most parts of the country were mostly cloudy and warm, except for the western areas which experienced mostly clear skies. Isolated thundershowers later developed towards the evening.

FORECAST FOR TOMORROW: MONDAY 01 DECEMBER 2025

Midlands, Masvingo, Manicaland, Matabeleland South, Bulawayo Metropolitan, Harare Metropolitan, and all Mashonaland Provinces:

Partly cloudy and mild in the morning. Mostly cloudy and warm in the afternoon with scattered thunderstorms. Heavy rainfall with hail is probable in Mashonaland East and the northern parts of Manicaland provinces.

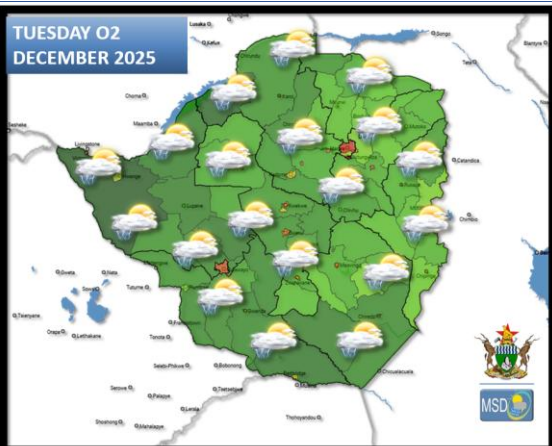

Matabeleland North province

Partly cloudy and warm for much of the day though mild both in the morning and during the evening.

Actions to Take:

- To reduce the risk of hail damage, ensure crops, vehicles, and property are protected.
- When thunder roars, even if distant, seek shelter and stay inside for at least 30 minutes after the last sound of thunder.

WEATHER OUTLOOK FOR: TUESDAY 02 DECEMBER 2025

Harare Metropolitan, Midlands, north of Manicaland, Matabeleland North, and All Mashonaland Provinces

Partly cloudy and mild in the morning becoming mostly cloudy and warm in the afternoon. Scattered thunderstorms towards day end with localized heavy rainfall in places.

Bulawayo Metropolitan, Matabeleland South, Masvingo, and south of Manicaland:

Partly cloudy and warm for much of the day with a chance of isolated showers that may be thundery in places. Mild conditions both in the morning and overnight.

Actions to Take:

- To reduce the risk of hail damage, ensure crops, vehicles, and property are protected.
- When thunder roars, even if distant, seek shelter and stay inside for at least 30 minutes after the last sound of thunder.
