

## SATELLITE-BASED GLANCE INTO TODAY, THURSDAY 26 MARCH 2026.

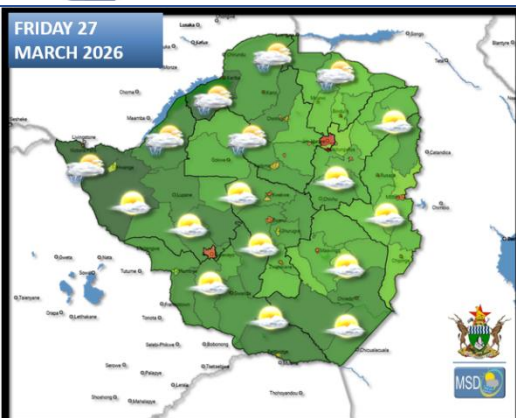

Advection of moisture into the country from Zambia and Mozambique independently, resulted in light isolated showers yesterday. The only notable rainfall amounts were recorded in the eastern parts of the country, with **16mm in Marondera, 14mm in Mukandi, and 11mm in Chisengu**. By this morning, these eastern districts had partly cloud and mild conditions as the south-easterly winds were weakening.

The moisture from Zambia resulted in cloudy and warm conditions over the north-western parts of the country, with isolated showers. Elsewhere, it was mostly sunny and warm by the afternoon.
