

⚠ Localized light showers

🕒 **Urgency:** Past

⚠ **Severity:** Minor

🎯 **Certainty:** Observed

Issued:

Wed 20 May 2026
18:40

Effective:

Mon 18 May 2026
18:36

Onset:

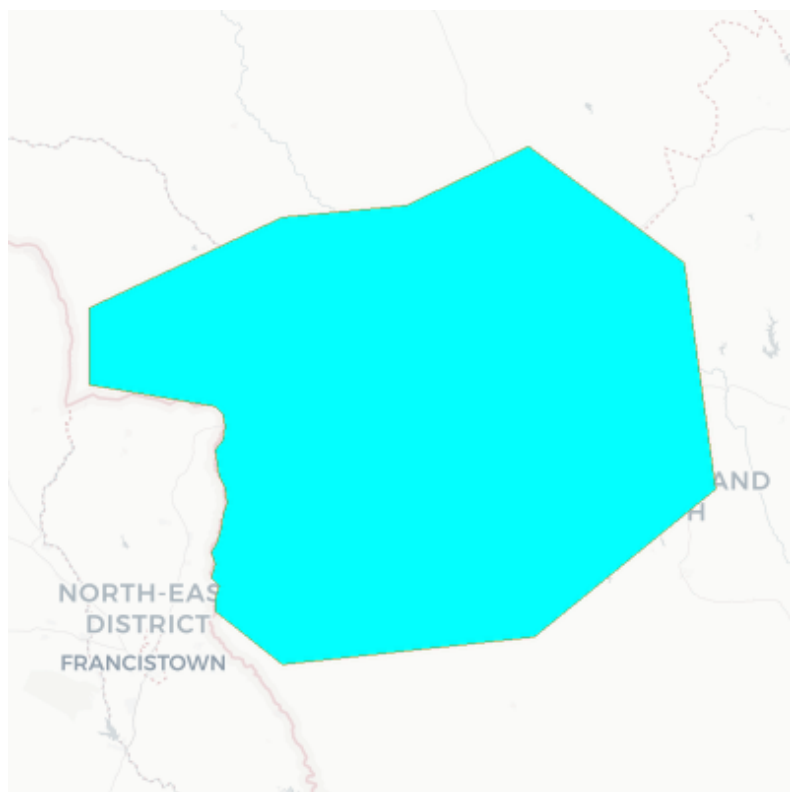

Tue 19 May 2026
15:30

Expires:

Wed 20 May 2026
03:30

Area:

Bulawayo and Matabeleland South

Description:

Isolated light showers coupled with lightning in Bulawayo, Gwanda, Matobo and Mangwe Districts. This is due to moisture from Botswana.

Instruction:

To stay safe during thunderstorms, follow the 30:30 rule: if the time between seeing lightning and hearing thunder is 30 seconds or less, seek indoor shelter immediately,

and remain indoors until 30 minutes after the last thunder clap; even if the lightning seems distant.
